

Welcome

TO THE

BAROSSA HOUSE
EXPERIENCE

Barossa House was built around 1926 by the Plush family for a son who was to be married. They were owners of a large stone fruit orchard, one of the many orchards in the area at this time. It was a grand house for the times and with a tennis court in the front yard, it became well known in the area for its very social tennis days and other occasions.

Many years later, Barossa House was sold and became one of the first B & B's in the Barossa Valley.

Enjoy your journey.
